What is Eckankar?

Eckankar is the path of spiritual freedom and enlightenment. It is an active, creative practice to help you unlock a deeper level of spirituality.

The word *Eckankar* means Co-worker with God. Students of Eckankar are coworkers with Divine Spirit and seek to make God an everyday reality in their lives. It is each Soul's destiny to experience God Consciousness and serve all life.

Each of us is on a journey of Self-Realization and God-Realization. Using creative spiritual exercises and practices, each Soul can realize Its own unique relationship with Divine Spirit and find true spiritual freedom.

“Eckankar allows me to discover and test truth for myself on my own terms. The Truth for me is that love is all around.”

“It answers my innermost questions about life and my purpose in it.”
